Autumn Style Breezes

TALL has wasted into this store a goodly company of Coats and Suits —a handsome bevy of BISCHOF'S BEST. In styling, material and the little wonder touches of the artist-designer and the master tailor - in one and all the marks of apparel aristocracy, this justarrived line is one to whet the taste of any feminine dress epicure.

Not only in 'quality but in variety of design, this array of models is superb.

Poplin, Velour, Whipcord, Broadcloth, Velour de Argentine, Velour de Ecuador -every material of the more int's mood may be seen here made up into suits and coats to match the fabrics in beauty and serviceability.

There is much pleasure and keen satisfaction to be gained by a visit of inspection.

Tve CLOTHCRAFT Store

Does yours bring joy to the breakfast table?

North-East-South-West-women are solving the coffee problem.

Armies have solved it. "An army travels on its stomach" and of the army breakfast, ask any soldier what he would miss most.

Famous restaurants have solved it. They know that without the right coffee they would have failed.

One of the greatest American judges has said that unhappiness in the home

commences with the first cup of poor

There is a coffee which brings a million men to breakfast "in a hurry"—a coffee that makes all these men eager to get to the breakfast table, slow to

Your grocer has this coffee Arbuckles'. Today you can introduce its rich, full flavor in your home. Serve Arbuckles' for a week and notice how much more his breakfast means to him. Bring joy to your breakfast table.

Today there are whole towns where Arbuckles' is practically the only coffee used. In one State, alone, in a year, four pounds of Arbuckles' Coffee was used for every man, woman and child in the State-four times as many pounds of coffee as the population of the Statel

Highway. The reporter sang journal. praises for everything on that line. This writer contributesan article to Sunday's issue of his paper, of October 1st on a trip over East division of Dixie High way, starting from Covington, Kentucky. It appears that he was scarcely out of that city, on his way south until he had out his hammer and began knocking this loop of the highway in steag of using it upon his cantaloupe machine, "(Rocky Ford)or tin lizzie. One of his discoverie was that "the road is crossed at grade by railroad about thirty times between Covington and the north boundary of Scott county, (of which Georgetown is the county seat.) The road crosses the railroad over bridges when ever it is not being crossed by the tracks. A majority of the bridges are approached on sharp curves and must be taken slowly if taken at all. I saw a gap in the railing of a bridge over a deep cut, but no remains of a car or driver appeared in the cut." This and many other things of a 'knocking" nature calculated to discredit the eastern route ap pears in the articles. Some creditable pictures were shown along with article and several complimentary things like the cow's kicking over a filled milk bucket.

This writer's article on the second lap or journey from Leington to Loudon over Dixie de scribed in Sunday's Courier Journal of October 8th. was a contin uation of some good things and numerous hammerings.

His failure to reach Mt Vernon over Dixie Highway and his de tonring via Brodhead after reach ing Round Stone, seven miles north of Mt. Vernon is in some what of a humerous vein though not at all pleasing to us mount aineers. This writer was within one mile of the point to where Dixie Highway had been greded from Mt. Vernon and why any one should have told him that he could not travel over it is beyond us. His getting stuck in the mud and getting horses for motive power is humorously portrayed. This route was gone over from Richmond to Mt. Vern in within three bours by R. B. Mul-

TANLAC, the GREAT NEW M

"Made Me Younger" -- "Put Me Back on The Payroll" "Gave Me New Life" -- "In The Thousands of Endorsements Given Master Medicine

This is Tanlac week.

More than seven million five hundred thousand bottles of Tanlac have been sold in the United States in the two years since the first bottle was sold

The fact alone is sufficient explanation why Taniac Week should now be celebrated in cities throughout the United States. The tremendous and unprecedented success of Tanlac could not have been achieved without true merit. The 8,000 druggist who are giving Tanlac their renewed endorsements by special displays this week know that they have behind them the unqualified endorsement of Taulac by millions of satisfied customers

No other medicine has ever had the same success that Tanlac has won as a tonic, appetizer, invigorant and revitalizer. Its fame was instantaneous and it spread through the country until son of Elijah McDaniel is very today it is known every where as the Master Medicine.

True Worth Explains Success

Tanlac's success is easily explained-true worth. The tens of thousands of men and women who have endorsed it praise it because they are grateful for the relief Tanlac has given them.

To suffer from sleeplessness, iudigestion, nervousness, rheumatism, belching and bloating from gas; dizziness and biliousness; kidney and liver troubles, pains in the stomach, the back and the head for years, and then to get relief through a tonic that is pleasant to take, gentle and gradual in its results, renewing the appetite, aiding assimilation, and restoring health, and vigor, ambition and strength, is enough to make people grateful.

Tens of thousands of people have said that Tanlac is the Master Medicine. Tanlac week therefore means something to them.

Endorsements are Remarkable

Some of the endorsements of Tanlac are remarkable. They show that taking Tanlac was sease that is seldome cured and a profitable investment for sick, weak, nervous, rundown men and women--profitable in more than that may prove a life'r burden one way. Some of the praise of Tanlac are in phrases that are written over and over.

"I feel like a new man"-"Taulac has put me back on the payroll"-"I never lay off from loathsome disease will rememmy work since I took Taulac"-"I do twice as much work as I used to"-"Taulac has made me feel ber having had frequent colds twenty years younger"-"I wake up in the morning feeling fine now."

Many women have written. "I have my natural color back since I took Taniac"-"I feel like a A little forethought, a botile of girl again"-"My neighbors ask me what I have done to look so young and my answer is Tanlac"-

"I feel like a different woman; my bousework is a pleasure since I took Tanlac"-Those are some of the expressions which tens of thousands of men and women have used, in statements praising Tanlac.

Tanlac Meets a Need

Prepared from a secret formula, purely vegetable and absolutely free from mineral taint, Tanlac has met the need of a great reconstructive tonic to feed while it heals sick, sore stomachs; to promote digestion, aid assimilation, induce healthy and normal functions of the digestive apparatus, and to build up health and strength in a natural way.

Throughout the vast world Nature has placed remedies for the healing of the nations. Tanlac the best of them are merged tor a sensible, reliable remedy. In Tanlac nature offers the great natural remedy for the everyday ill from which millions of men and women suffer.

The ingredients or medical elements which make Tanlac comes from far seperate sections of R. G. WEBB and the globe. It is as though Nature, planting her garden in every zone of the vast world permitted G. S. GRIFFIN, man to select the best for compounding into a great remedy. Man has spared no expence or labor to these best ingredients.

Now a Household Remedy

Roots, herbs and bards best suited to a great tonic are used in the making of Tanlac. They are selected acientifically and blended with care. In order to insure a supply of them for Tanlac, The Cooper Medicine Company bought large amounts of certain ingredients. Ten tons of one ngredients were bought on one order

Tanlac's success, starting so quickly, is lasting. It has become a household remedy and is in two million homes because it is the great medicine which Nature offers from her best products. Millions of people know this and Tanlac therefore is praised everywhere as The National Tonlethe upbuilder of health and strength through the stomach, blood and nerves

The Universal Car

It is not in the show room or on the broad smooth boulevards where the Ford has proven its worth.

It is not to the famed mechanics and chauffeurs that the Ford has shown its superior construction and establised its remarkable and unequalled records.

It is out on the bad roads as well as the good, out in the hills and mountains where its reputation has been secured; driven by just ordinary people.

There Is Not a Single Plausible Reason Why You Should Not Buy a Ford.

What if your roads are bad? With a Ford you can get over them easier, quicker, yes! cheaper than you can with a horse and buggy. They are made to meet adverse road conditions and they do meet them successfully. Over one and a half million Ford Owners will testify to the fact.

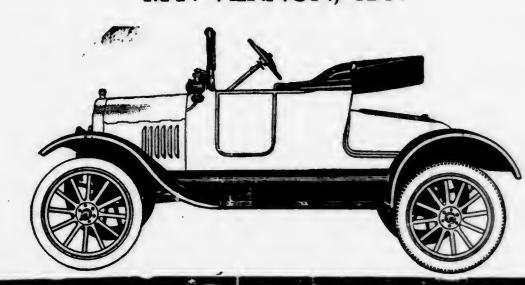

THE NEW MODEL FORD

Better than ever. Stream line Hood, Crown Fenders, Black finish, snappy in appearance and underneath in the everlasting Ford Vanadium Steel Chassis; strength and durability with service. Always ready in all seasons of the year to deliver all reasonable demands—Ever economical, about two cents per mile for operation add maintenance and Ford Service for owners as universal as Ford Cars.
